## SIZING TIPS

### CHEST

Measure around the fullest part of the chest, just under the arms and around the shoulder blades, keeping the tape firm and level.

### WAIST

Measure around the waist by keeping the measuring tape slightly loose and level, all the way around the waist.

### HIPS

With your feet together, measure around the fullest part of your hips to ensure you'll have enough room to move comfortably.

### GK ICON GLOVES

Measure the circumference of the fullest part of the palm, just below the thumb joint. Measure both hands and use the measurement from the largest hand. Round up to the next highest inch. Then add 1 to the measurement to determine the accurate glove size (i.e. 9"+1=10 glove size). Goalkeeper gloves should be worn loose and be approximately 1" longer than true finger size.
